

<p><b>PARA 1: make an opening statement on the subject of the project</b></p> <p>1. Подводка: общее предложение по теме проекта (teenage reading preferences) или по общей теме (reading) ! нельзя писать про важность/роль чтения, так как про это спрашивается в 5 пара 2. Готовлю проект по теме... 3. Нашёл таблицу со статистикой по теме проекта 4. В эссе я собираюсь...</p>	<p>It is no secret that different age groups have different reading preferences. The project I am working on is aimed at establishing what book genres are popular among 13-19 year olds in Zetland. I have found a table containing some interesting data on this subject, and in this essay I am going to analyse my findings.</p>
<p><b>PARA 2: select and report 2–3 facts</b></p> <p>Предлагаю писать о <b>первых двух</b> показателях и о <b>последнем</b></p> <p><i>! Необходимо указывать точные цифровые показатели</i></p>	<p>As can be seen from the table, the majority of the respondents (55.4%) cited adventure stories as their preferred book genre, making this kind of books most popular with Zetland's teenagers. Adventure fiction is very closely followed by detective, war and spy stories, which are also liked by more than half of teenage readers (55.3%). Another key feature is that less than a fifth of the surveyed teenagers (17.6%) reported enjoying reading romances, putting this genre at the bottom of the table.</p>
<p><b>PARA 3: make 1–2 comparisons where relevant</b></p> <p>Рекомендую дать одно сравнение: <b>сравним 3-й или 4-й показатель с ранее данными показателями</b> Комментарий к сравнению</p>	<p>Further analysis of the data reveals that animal stories, enjoyed by 27.2% of teenage boys and girls, are only half as popular as the two most read genres. This confirms a widely-held belief that teenagers tend to be drawn to stories based around human characters.</p>
<p><b>PARA 4: outline a problem that can arise with reading and suggest a way of solving it</b></p> <ol style="list-style-type: none"> <li>1. Фраза-связка</li> <li>2. Проблема</li> <li>3. Решение</li> </ol>	<p>While many teenagers cannot imagine their lives without books, there is an important problem associated with reading. It is known that prolonged reading can lead to eye strain and headaches. Fortunately, book lovers can effectively deal with this issue by taking regular breaks from reading and giving their eyes some rest.</p>
<p><b>PARA 5: conclude by giving your opinion on the importance of reading for teenagers.</b></p> <ol style="list-style-type: none"> <li>1. Фраза-связка</li> <li>2. Мое мнение: чтение важно/не важно для подростков</li> </ol>	<p>In conclusion, although avid young readers can face some problems, I am convinced that reading is of crucial importance for every teenager.</p> <p>256 words</p>

<p>3. Если не получается сформулировать фразу-связку или не хватает слов, добавляем аргументы</p>	<p>(Добавляем аргументы при необходимости: Not only is reading an indispensable way of acquiring knowledge, but it is also an important source of pleasure and entertainment.)</p>
