

<p>Вступительная фраза</p>	<p>Hi, Misha/Masha, I've found two photos for our project and I'd like to discuss them with you.</p>
<p>1) give a brief description of the photos, justifying the choice of the photos for the project</p> <p>Кто, что делает, где (необязательно все элементы) + можно дать существенное сходство по теме проекта</p>	<p>Both pictures show jobs that require a high level of education and professional skills. In the first picture there is an engineer building a robot, and in the second picture there are two doctors looking at a computer generated image of a heart.</p>
<p>2) say in what way the pictures are different, justifying the choice of the photos for the project</p> <p>Различие по теме проекта</p> <p>Нельзя повторять идеи из 1 п.п.</p>	<p>The main difference between these pictures is that the engineer is working with a machine, while the doctors are dealing with a human organ.</p>
<p>3) mention the advantages and disadvantages (1-2) of doing these jobs</p>	<p>I think that both jobs shown in the pictures have their advantages and disadvantages. Engineers, for example, are generally well-paid, but, on the other hand, this job can have a negative effect on health as it often involves sitting for many hours a day. As for being a health professional, it is a prestigious job, but, on the downside, it often requires working long hours.</p>
<p>4) express your opinion on the subject of the project - what professions will be in demand in the next 10 years and why</p>	<p>I think that teaching professions such as being a university lecturer or a private tutor will be in high demand in the next 10 years. Every year, education becomes more and more important for being successful, so demand for education will keep growing.</p>
<p>Заключительная фраза</p>	<p>That's all I wanted to discuss with you.</p>

3 Task 3. You are going to give an interview. You have to answer five questions. Give full answers to the questions (2–3 sentences). Remember that you have 40 seconds to answer each question.

4 Task 4. Imagine that you are doing a project “Careers of the future” together with your friend. You have found some illustrations and want to share the news. Leave a voice message to your friend. In 2.5 minutes be ready to:

- give a brief description of the photos, justifying the choice of the photos for the project;
- say in what way the pictures are different, justifying the choice of the photos for the project;
- mention the advantages and disadvantages (1–2) of doing these jobs;
- express your opinion on the subject of the project — what professions would be in demand for the next 10 years and why.

You will speak for not more than 3 minutes (12–15 sentences). You have to talk continuously.
